

New announcement for PhD Research Supplies fee

Payment of research supplies fee

For students with scholarship

The students must pay for 300,000 baht for research supplies fee

For students without scholarship

The program offers partial research supports by having the students pay for 150,000 baht for research supplies fee

Reimbursement of research supplies fee

All students can reimburse for the two-thirds of the total payment of research supplies fee.

Students can get reimbursement based on the following criteria

- 1.1 Estimated budget must be approved by the major advisor and the PhD committee
- 1.2 Only valid copies of payment can be reimbursed according to financial Regulations of Mahidol University. Research related items that the students can get the reimbursement include:
 - 1.2.1 payments for collecting the data for thesis
 - o Material and instruments used in the thesis
 - o Payment for the participants
 - o Research assistant as needed
 - o Fees for ethical process
 - o Translation cost
 - o Copyright cost
 - 1.2.2 Registration fee for a course or workshop needed for the thesis process. The program will pay registration fee for only one course/workshop.

Special notice: Other than these activities will be submitted to PhD Committee with the approval of major advisor for special consideration. The consideration of PhD Committee will be the final result.

Special consideration:

For the students who do not have a scholarship: If the students have decided to manage the research supplies budget by their own, they can request to the PhD committee for special consideration. If the PhD committee approve their requests, the students will ONLY pay the program administrative fee for 50,000 baht. This payment is for the program to manage the followings:

- Purchase research related instruments for the program
- Research related extra-activities such as invite visiting professors for special lecture(s), lunch seminar, research talk, and research symposium
- Expense for International co-advisor such as flight ticket and accommodation

Therefore, the students must be responsible for their own research related payment including publication cost (if needed).

***The special consideration will be eligible for the PhD students who do not have a scholarship and enrolled in 2016. Others will have to request to the program and be considered by the PhD committee for the eligibility.
