About our program

We believe in making people to achieve healthy life with movements. The Faculty of Physical Therapy, Mahidol University has been the initiator of Physical Therapy Education all along. We were the first to offer programs in Physical Therapy, Bachelor in 1965, Master in 1982, and Doctoral in 2003. The Physical Therapist Clinical Specialized program in Manipulative therapy, Stroke, Pediatric and Community of one year was also initiated in 2003. Now, there are demands of advanced degree physical therapists not only in Thailand, but also in ASEAN and other regions. We are proud to introduce the first international program of Master in Physical Therapy in the ASEAN region. With our competent staff and resources in the Faculty and Mahidol University, we are confident to deliver high quality program to empower physical therapists to be better practitioners, teachers, and researchers. Join us to expand the knowledge based professions for people.
